

**STOP
DOG MEAT
TRADE**
IN INDONESIA

**"They captured roughly
from the street.
Even stolen by force
from a loving home.
To horribly die in the
slaughterhouse."**

Some comments on Facebook :

*"Those dogs don't look like stray dogs.
I wonder whether all missing dogs end up
caught up by these people and got
slaughtered?"*

*"These dogs were taken from the
streets or stolen."*

*"They took my two dogs 2 days ago...
I really want to stop those things..."*

The dog meat businesses, not only stealing the freedom of dogs' life from the streets, but also the love between a dog that was stolen from his loving owner who was cared for him. And this is a criminal act that should be prosecuted by law.
